CONDITIONS FOR TEMPORARY RETAIL PERMIT

This application must be preceded or accompanied by: (i) a complete application for a retail liquor license and (ii) one set of recent photographs of the premise, no smaller than 4" x 6" in size.

The current license, if any, must be surrendered to, placed in safekeeping with, or otherwise deemed abandoned by the State Liquor Authority before a temporary permit can be issued.

PURCHASE OF AN EXISTING BUSINESS (the applicant is the purchaser of the existing business)

- The premises must have operated under a retail license within thirty days of the filing of this application.
- The permit gives the applicant the privileges of the current license for the business that is being sold.
- A contract of sale or conveyance must be included with the application.

APPLICATION FOR A NEW BUSINESS (the applicant is not purchasing the existing business)

- A permit cannot be issued for a liquor or wine store.
- For an application for an on-premises license, the applicant must notify the municipality or Community Board no more than 270 days before filing this application using the standard municipal notification form. Proof of such notification must be provided at the time of the application and the Authority "may not act to approve" any application prior to the passage of thirty days from the date such notification was provided to the municipality.
- For a premises subject to the 500' Law, the permit will not be issued: 1) until the 500' Law hearing has been completed; and 2) only if the hearing officer finds that the applicant has demonstrated that issuing the license is in the public interest.
- For a premises subject to the 500' Law when the premises located in New York City, the permit will be subject to the following conditions: 1) a license at the location must not have been suspended, cancelled or revoked within the last two years, 2) closing time is no later than 12 AM; 3) any outdoor space must close by 10 PM Sundays through Thursdays and 11 PM Fridays and Saturdays; 4) no outdoor music; and 5) recorded background music only indoors - no live music, DJs, karaoke, juke box or dancing.

The issuance of a temporary permit is NOT a guarantee of approval of the application for the liquor license. Deficiencies in the permanent application must be satisfied within ten (10) business days from the date of the deficiency letter. Temporary Retail Permits that have been issued will be cancelled and the permanent application disapproved if deficiencies are not met by the due date. The Authority is held harmless from any hardship created by the subsequent DISAPPROVAL of the license application for both the purchaser and the seller.

The holder of a temporary retail permit shall purchase alcoholic beverages only by payment in currency or check. However, the holder of a temporary permit who also holds one or more retail licenses and is operating under such retail license or licenses in addition to the temporary retail permit, and who has not been reported as delinquent with wholesalers, may purchase alcoholic beverages on credit under the temporary retail permit.

If the permit holder is purchasing the alcoholic beverages from the current licensee an Application for Liquidator's Permit, with fee of \$36, is required upon submission of the Temporary Retail Permit application. If the permit holder is not purchasing the alcoholic beverages from the current licensee an signed statement stating that there is no transfer of alcoholic stock is required upon submission of the Temporary Retail Permit application. Such statement must be signed by the applicant.

If you are applying for additional bars in the permanent application, you will need a Temporary Retail Permit for each bar. This will require the filing of a separate fee for each intended bar.

The temporary permit is granted at the discretion of the State Liquor Authority for a period of ninety days, and may similarly be renewed for an additional thirty days. YOU MUST FILE FOR A RENEWAL OF THE TEMPORARY RETAIL PERMIT PRIOR TO THE EXPIRATION OF THE EXISTING PERMIT. RENEWAL APPLICATIONS RECEIVED AFTER THE EXPIRATION DATE OF THE EXISTING PERMIT MAY BE DISAPPROVED. Once a Conditional Approval has been granted for the main application a temporary retail permit may not be renewed, you must comply with the conditions of the approval. The temporary permit may be summarily cancelled or suspended at any time, if the NYS Liquor Authority determines that good cause exists for such suspension or cancellation. Should the permanent application be disapproved while operating under a Temporary Permit, you must cease and desist alcohol sales and surrender the permit to the Liquor Authority immediately.
